# PORTFOLIO

tori

For the last year, my website has displayed a splash screen linking to my socials.

Showing off your projects in a portfolio is an easy (and necessary) way to demonstrate your skills.

But, I **don't** have a portfolio. 🤷‍♀️ And I **will** need a job. 💼

I spent Intensives creating an MVP Portfolio.

What's Next?

- Responsive design
- More interactions
- Add content
- Preload projects
- Bug fixes
